Strong Points GS LN

- Use Premium Quality Material
- Good Packaging (Flexo Design)
- No Need To Maintain The Battery (No Need Water Addition)
- Battery life is longer

MF Battery GS ISS

The battery is designed using a special paste formula with the addition of additives to electrolytes, so it has a high regeneration acceptance power and a longer life for vehicles with ISS technology.

Strong Points GS ISS

- Supplied as OEM Battery for Car Manufacturer in Indonesia (OEM Spec)
- This battery is designed to be able to receive large amounts of electrical energy in a short time
- This battery is designed to have high performance, thus it has high endurance
- Better corrosive resistance for the ISS cycle, longer lifespan for the ISS cycle
